<b>Workload</b>	5-6 h/week	<b>Department/ Superior</b>	Representation of Interests Alessandro Massaro
<b>Compensation</b>	4 Campus Credits (Ausnahme für Assessment Studenten)		Chairman Representation of Interests
		<b>Languages</b>	English/German

## Position summary

As a student, you are uniquely qualified to evaluate the quality of teaching and the overall student experience at the university. Your recommendations for improvements, when shared and discussed directly with professors and other responsible persons, are simply the best way to improve and ensure the quality of the Assessment Year.

As a member of the Evaluation Team, you will have the chance to work closely with the Student Union, the administration, and your fellow students to proactively and constructively evaluate all aspects of the core courses as well as the Assessment Year as a whole. This will provide you agency to engage with other students and put you in direct contact with professors and administrators, while also allowing you to see “behind the curtain” of how the university works, gain new insights relevant to your studies and future career, and make a difference at the university.

The Assessment Year is a core element of studies at the University of St.Gallen. All HSG students have to complete it before entering their Bachelor studies. For this reason, it is imperative that this stage of studies be continuously questioned, evaluated, and improved.

## What we offer

On a **voluntary** basis, you have the extraordinary opportunity to expand your **network**, by working with different student groups, university representatives and the various clubs. Additionally, you can enhance your **leadership skills** and gain valuable soft skills in the areas of working in a team, sense of responsibility and self-management. At the end of the year, you get a confirmation of your involvement.

## Our expectations

We are looking for a person with:

- At least start of studies: autumn semester 2019
- Motivation, self-initiative and creativity
- Service-oriented and distinctive social competences
- Structured and efficient work
